

Chemistry

Mrs. Brunson

Materials for class:

1. Three ring binder. Must be large enough to keep up with a year's worth of notes & handouts. I suggest a 1 1/2" or 2" three ring binder. Your student may take their notes on their computer if they prefer, but they still need something to keep up with practice sheets, handouts & example problems. If a student abuses this privilege they will not be allowed to use their computer in my class.
2. Paper for binder
3. Pencils & erasers. They can take notes in pen, but they are required to take tests & do practice work in pencil.
4. Calculator, can use the one they must use in math.
5. \$25.00 Lab Fee due by the end of the 1st nine weeks (October 10, 2018)

All incoming students need to log into Quizlet.com, request to be accepted to my Chemistry class.

My account is mbrunson7.

I will check periodically during the summer to accept the new requests.

See you August 15, 2018
