Riverfield junior high and varsity athletic programs rely on funds from the Booster Club for everything from uniforms to electricity. We also provide facilities and utilities for

Pee-Wee athletics. With the exception of Capital Projects, the Booster Club pays for everything from the gym east. Riverfield has always provided quality extra curriculum activities, that compete at championship levels, for your children to participate in. I am asking that every family with a Riverfield athlete join at which ever level fits your family.

Please turn membership forms into the office with payment. Contact Daniel Greer with any questions at 318-376-8800.
